MYSORE RESIDENT'S OFFICE.

FILE No. 18 OF 1885.

LUNATIC ACCOMMODATION.

OFFICE NOTE.

From the Senior Surgeon to the Mysore Government No. 467—L., dated 4th June 1885.

Transfer to Madras Asylum of East Indian Lunatics from the Mysore Government Asylum, Bangalore.

With the above letter the Surgeon to the Mysore Government forwards a list of seven East Indian Lunatics at present confined in the Mysore Government Asylum in the Petta and asks that they may be removed to the Asylum at Madras.

2. Dr. McGann also refers to the disposal of Native Lunatics of the Civil and Military Station of whom he states there are many in the Local Asylum.

3. The file is put up as ordered, but previous to the preparation of an office note the question is submitted for orders as to whether this matter, which is one of some importance, should not come before the Resident direct from the Durbar.

R. H. J. 13-6.

4. This would no doubt have been more correct, but it seems unnecessary to raise the point at this stage.

5. What are the arrangements to which we refer in our letter of 23rd January last to Dr. Houston for sending Lunatics to the Madras Asylum? Put up the papers.

*Presumably these contained in Madras letter dated 16th September 1882, at bottom of Coorg File 82 of 1885.

6. The Madras Government have recently declined to receive our Coorg Lunatics.

7. We have no Lunatic Asylum here, and we cannot keep Lunatics in Jails.

8. The whole question now needs exhaustive treatment, in conjunction with the Coorg Office, both as to—

A. Criminal Lunatics.
B. Non-Criminal Do and
(1) Europeans
(2) East Indians
(3) Natives.

9. Note fully upon all these points, speaking to me first if necessary.

10. We may have to build a small Asylum in conjunction with our new Jail. Dr. Dobson tells me it could not be attached to the Hospital. But having regard to the fact that Coorg may not improbably be added at some future date to a Madras

(1) No space.
(2) Inconvenient.

District, it would seem better and cheaper to arrange with Madras for the reception of *all* our Lunatics, and I have always thought of all our prisoners also, instead of going to the expense of building a new Jail for this single Municipality.

A. H. T. M. 14-6.

11. The Officiating Resident (Colonel Clarke) in his order on No. 405, dated 19th January 1885 (1) when alluding to arrangements having been made for the reception of Lunatics into the Madras Asylum referred to Section IV of Act 36 of 1858 which provides that a Lunatic who is not a native of the country shall be sent to the Asylum at the *Presidency*.

12. Two (2) cases only of Lunacy among *European British subjects* in the *Civil & Military Station* have been reported since the rendition. In one case the patient was sent to the Madras Asylum and in the other (that of Mrs. Gilbanks referred to in Dr. Houston's No. 405, dated 19th January 1885) the patient was removed from the Petta Asylum by her husband with the consent of the District Magistrate. E. B. Subjects.

13. There are at present two Lunatics of the above class (European British subjects) in the Madras Asylum, the cost of their maintenance being met from the Revenue of the Assigned Tract.

14. The Madras Government have not as yet raised any objection to European Lunatics being sent to the Presidency Asylum from the *Civil & Military Station*, but as they *have refused* to receive any cases from *Coorg* for want of accommodation, it is probable that they may also decline to receive any more cases from the Station.

15. No special provision has been made for the accommodation of Lunatics, Criminal or non-Criminal, either as regards Coorg or the Civil and Military Station. The question has therefore now arisen as to their disposal in the future.

16. In the Coorg Office Note on the subject four suggestions are made.

1st Placing Lunatics in the Mercara Jail.
2nd " in the Bangalore Pettah Asylum.
3rd " in Madras Asylum.
4th The erection of a building for the purpose in the Civil and Military Station.

17. The *first* suggestion appears objectionable so far as *non*-criminal Lunatics are concerned. Yes. A. H. T. M.

18. The *second*, it is submitted, would most easily meet the difficulty if not objectionable on Political grounds.

19. The Surgeon to the Mysore Government has not raised an objection on the plea of want of accommodation, the objection would appear to refer rather to the cost of the maintenance of the Lunatics of the Civil and Military Station which has hitherto *been borne by the Mysore Government*.

20. It is suggested that the matter may be referred to the Durbar.—

(1) As to whether any inconvenience is experienced by the retention in the Pettah

Asylum of Lunatics of the Civil and Military Station.

(2) Whether the Mysore Government would consent to receive Lunatics of the Civil and Military Station, Criminal and non-Criminal, on the understanding that the cost of their maintenance is met by the British Government.

21. In case this arrangement cannot be made, the Madras Government may then be written to, and the position explained both in regard to Lunatics of Coorg and the Civil and Military Station.

22. The Surgeon to the Mysore Government in his letter No. 467, dated 4th June 1885 gives a list of seven East Indian Lunatics now in the Asylum and of Natives he says there are "many." Before further action is taken in the matter it would be desirable to ascertain the *total* number of Lunatics now in the Asylum also the average number of admission from the Cantonment (Civil and Military Station) annually say for the past five years.

23. If the Madras Government decline to help in the matter then there appears to be no alternative but to erect a ward or wards in the proposed jail for the Civil and Military Station for the accommodation of Lunatics of both classes, (Criminal and non-Criminal) from Coorg and the "Station." This alternative will be an expensive one for in addition to the cost of the building a suitable Medical Staff will have to be provided for the care of the patients.

R. H. J. 5—7.

Resident.

Better a separate building in same compound.
A. H. T. M.

Since the notes above were written 2 more letters have been received.

(1) No. 478, dated 3rd July 1885, from Senior Surgeon, Mysore.

(2) No. 278, dated 8th July 1885 from District Magistrate.

24. Besides this Residency File No. 18 of 1885 there are 3 connected Coorg Files, Nos. 70, 82, and 83 of 1885, all of which may be consulted.

25. We are in a difficulty both about our Coorg Lunatics and our Bangalore Lunatics, both Criminal and non-Criminal, and temporary arrangements must at any rate be made.

26. As regards the *Coorg* Lunatics the practice has been to send them to the Lunatic Asylum at Madras under the provisions of Act 36 of 1858. (This has been irregular, as the Act has never been extended to Coorg, and we are now in correspondence with the Home Department on the subject, with the view of extending it). But latterly the Madras Government have told us that they cannot take in one of our lunatics, because the Asylum is full, so this brings us to a *cul-de-sac*. We are expecting a similar reply to a later communication.

27. As regards the *Civil and Military Station* Lunatics, it has been the practice to lodge them in the Mysore State Pettah Asylum, but Dr. Houston (their Senior Surgeon before Dr. McGann) told us in letter No. 405, dated 19th January 1885, in this

File that the Asylum can only accommodate *Natives*, not East Indians nor Europeans, so here again we are in a dilemma. Moreover it is undesirable to ask the Durbar to take our Lunatics as a permanent arrangement.

28. I can see no permanent arrangement whatever except to build in connection with our new jail, which will be near the Bowring Hospital, and therefore near both Medical and Police attendance. Colonel Le Messurier told me there would probably be room in a corner of the same compound as that selected for the jail. Separate accommodation would be required for the Criminals and non-Criminals. We must ask Colonel Le Messurier to give us plans and estimates as soon as we can give him any *data*.

29. But meantime we must make temporary arrangements, and at once, both for Coorg and the Assigned Tract.

30. The only suggestion I can offer is to ask the Durbar to take into the Pettah Asylum all *Native* Lunatics, whether Coorg or Assigned Tract, and whether Criminal or non-Criminal, on payment of all expenses of maintenance from Coorg and Assigned Tract Revenues respectively.

31. And we must ask Madras to be good enough to agree to take temporarily all our European and East Indian Lunatics, whether Coorg or Assigned Tract, and whether Criminal or Non-Criminal, until we can make permanent arrangements. Payment for maintenance would of course be made. The numbers would be very small.

32. If Resident agrees, we will draft to both Madras and the Durbar at once.

I agree. C. G. 24—7.

33. Meantime to regulationize matters so far as possible, we must get Act 36 of 1858 extended to Coorg, and as a next step to those already taken in this direction we may issue the draft to the Commissioner which Resident will find in Coorg File 83. But I am not perfectly clear as to the precise meaning of Home Department letter, dated 11th May 1885 in that File (as noted), and Office should put up their letter to Bengal, and also the *Scheduled Districts Act, and Act 36 of 1858. They were both in the File before, but have apparently been taken out. However this need not delay issue of draft.

*15 of 1874, this excepts Coorg from the operation of the Lunatic Asylums Act (13 of 1858).

34. Pending replies from the Durbar and Madras, all the 'current' lunatics must stop where they are. If they are really very insane, this will not be injurious to them. We may inform the Coorg officials, and our own officers, and Dr. McGann accordingly? All have addressed us.

Yes, please. C. G. 24—7.

35. Finally, we must tell the Government of India in the Foreign Department what we have done, and ask for leave to build at once. Apparently there is no way of doing this but to raise a loan of a lakh of Rupees (as Resident once suggested) and start the Jail, Asylum, and offices simultaneously at once. But we should have to get Asylum *plans and estimates from Colonel LeMessurier (we could tell the Foreign Department that these would follow) and for these we must collect some figures of the average number of lunatics per annum.

I agree.

*In preparing plans I should be much obliged if Colonel LeMessurier would consult the Residency Surgeon and the Durbar Surgeon (Dr. McGann.) C. G. 24—7.

36. The only alternative to building would be to make permanent arrangements with the Durbar

and Madras, or with Madras alone. But even if they would agree there are objections to this solution, and it would lead at least to very complicated accounts and correspondence.

A. H. T. M. 23—7—85.

[A] 37. Please see my marginal orders above. There ought not to be any difficulty in getting plans and estimates ready at an early date for—

i. Offices
ii. Jail
iii. Lunatic Asylum.

*Site 449.

†Site 482.

*No. i. I should like, as did Mr. Lyall wish, to have on the site near the Cubbon Ball Room : and †Nos. ii and iii on the site near the Railway Station. Col. LeMessurier knows all three sites. To admit of plans and estimates of the Jail and Lunatic Asylum being prepared with sufficient accuracy to pass the criticism of the Government of India statistics as [A] to the accommodation, proved on the figures of the past to be needful, should be collected at once.

Please see Serial No. 15 of File No. 18 of 1885.
Serial No. 21 of File No. 18 of 1885.

38. When all plans and estimates have been passed here the needful reference to Government of India for a loan to carry the work through quickly will be necessary. It is no good to go up in a piece meal fashion to the F. O. about these matters.

Resident.

50. Col. LeMessurier has now replied to the D. O. of 30th July on your note at A in para 37 of these Notes. No. 13.

51. As regards (2) the "Public Offices," he answers in page 5 &c., of the Notes in File No. 181 of 1885 (New Public Office File). His rough estimates for construction &c. including the resident Clerk's quarters (X to X on page 7 of those Notes) is Rs. 1,20,000+7,000 to 10,000 for furniture, as against previous rough estimate of Rs. 1,15,230. See page 5 of those Notes. Serial No. 18 of File 181 of 188

52. The plans are linked to the File No. 181 of 1885. He suggests that they should be returned to him for re-design at a lower rate, and then again circulated to all the officers concerned, and then sent up for final approval. This would seem the best way unless Resident thinks the Government of India would pass the present estimates.

53. As regards (1) the Jail
(3) the Lunatic Asylum, he answers in D. O. dated 11th August 1885 (Serial No. 37 of Resident's File No. 301 of 1885).

54. His rough estimate for the *Jail*=*Rs. 23,085. This is less than what we estimated for (and which was disallowed by Government of India in the †letter noted in the margin) in our ‡Budget for 1885—86. We budgetted then for 30,000. At that time there was, office says, *no* estimate before the Resident. Resident budgetted on rough calculation only, after consultation with Colonel LeMessurier.

55. The plan for the Jail is linked to File No. 301.

56. His rough estimate for the *Asylum* is Rs. 16,060, to accommodate 40 inmates, *viz.*, 10 East Indians and 30 Natives. It will have to go back, I think, for provision of accommodation for (say) 6 Europeans, 4 males and 2 females. But this will not, I imagine, bring the estimate over 20,000. The plan is linked to the same File. Thus we have, in round numbers, estimates for—

		Rs.
1. Offices.	..	1,30,000
2. Jail.	..	25,000
3. Asylum.	..	20,000
		1,75,000

57. If the total under *all* items, including furniture for the *Offices* could be reduced to Rs. 1,00,000, we could (as suggested by Resident) ask the Government of India to let us raise a *loan of Rs. 1,50,000, which would leave us a margin of at least 5,000 for contingencies.

A. H. T. M. 20—8—85.

[A] To be done.—

(1) Issue endorsements.

(2) Return Public Offices plans for redesign.

(3) Return Asylum plans for European accommodation.

(4) Keep Jail plans until (2) and (3) are ready.

A. H. T. M. 20—8—85.

58. The proposals at A on this page should carried out. The Asylum plans and Jail plans ould also be laid before the Residency Surgeon, e Senior Surgeon for Mysore and the District agistrate (in consultation with the District Super-endent of Police) for *very early* consideration and return.

59. For the Public Offices I see that a maximum as low as Rs. 50,000 and as high as Rs. 1,30,000 (inclusive of furniture) has been suggested. The Assistant Resident has also in para 57 of this Note named Rs. 1,00,000 as a lump sum. I would not tie the Consulting Engineer down to any figure, but would ask him to revise his estimate consistently with regard for the accommodation required, for a decent exterior and for economical but efficient workmanship. A separate estimate for furniture should be submitted. A resident Clerk's quarters should be included.

60. If furniture for Jail and Asylum is wanted, even though only to a small extent, separate estimates should be prepared for the same.

* See however Serial No. 30 of File No. 301 of 1885, and Notes on that File, dated 23rd April 1885, p. 7.

† Serial No. 13 of File No. 334 of 1885.

‡ Serial No. 12 of File No. 334 of 1885.

*This is the plan which occurred to me at the first consideration of these cases. It is the only one for getting us out of our present difficulties at an early date. C. G.

61. Will any money have to be paid for either site (No. 482 for Jail and Asylum ; No. 449 for Public offices)? If so, the amount in each case should be stated.

62. I should like to have elevations for Public offices, Jail and Asylum sketched, so as to enable me to form an idea of the exterior in each case.

63. I note (see p. 9 of Note in File 181 of 1885) that we spend Rs. 3,360 in rent at present altogether. What is our net balance of revenue from the Assigned Tract? We have lately made several *inroads on such balance, of which account should be taken in striking the available balance.

*e. g. allowance to orphanages, Govindu Chetty's Chutrum : Inam payments.

64. I should like the consideration of all these buildings continued in this Note, and I beg that every effort should be made to prepare the case quickly for submission to the Government of India.

C. G. 21—8—85.

65. Spoken to Mr. Dias.

(1) Issue the Endorsements at once.

(2) Issue the 3 D. Os. beneath to Colonel LeMessurier, and Major Maltby *to-day*, with enclosures.

(3) Then answer the Resident's query in para 63 of these Notes, and note generally whether anything else is required.

(Carry out the orders at B on page 11 of Notes on File No. 181 of 1885 *before* sending that File to Colonel LeMessurier.)

70. Major Maltby has not replied to D. O. of the 21st August 1885.

J. D. 29—8.

71. Yes. He replied D. O. and I sent it into office. — Now returned by Resident and put into this File as Serial No. 27. A. H. T. M. 1—9—85.

He said No. 449 site belonged to the Military authorities, and he could tell us nothing about the price which might be asked for it.

72. He said that he could not say what the Military might ask for No. 482 site, as they were pressed for money just now, but he would put the matter before the next meeting of the Board and write again. There was a meeting on Saturday the 29th Instant, so we shall doubtless hear *again.

* I have since seen in the local journals that the Commissioners have agreed to hand it ever free of all charge.

73. I do not feel sure about the figures at A in Para 67. I thought the surplus was larger. Show me the Assigned Tract Administration Report for 1881—82, 1882—83, and 1883—84. These contain the figures.

Apparently they do *not*. It might, however, be possible to segregate them.
A. H. T. M.

74. What has been done about extending the Lunatics Act to Coorg? Have we addressed the Government of India ?

75. Lastly, do the Lunatic Asylum Plans provide separate accommodation for Criminal and Non-Criminal Lunatics? If not, we must ask Residency Surgeon if this is essential, as I imagine it is.

Bring this to me complete in office to-morrow (Monday) at 12 o' clock.

76. It will be noted that the figures now stand at—

A.	Asylum ..	Estimates ..	16,095
		Furniture ..	3,000
		Total....	19,095
B.	Jail ..	Estimates ..	23,085
		Furniture ..	4,000
		Total....	27,085

77. Two more points occur to me.

(1) Whether separate Hospital accommodation should not be provided for the different classes and nationalties of Lunatics.

(2). Whether sufficient Jail accommodation has been provided for:—

a Civil debtors
b Under trial prisoners
c Solitary Confinement and *d* Females, and sufficient separate Hospital accommodation in Jail. Presumably these requisites have been satisfied, because the Plans followed those of Tanjore, the latest Jail in the Madras Presidency.

A. H. T. M. 30—8—85.

Yes. A. H. T. M.
Serial No. 27.

78. Major Maltby's D. O. dated 22nd August has since been sent to the office and is put up in the File.

79. The Reports for the years 1881—82, 1882—83, and 1883—84 are submitted. The following is the surplus revenue for those years.

Year. 1881—82.	Year. 1882—83.	Year. 1883—84.	Year. 1884—85.
Rs. 1,63,703 12 4	1,78,061 4 8	1,64,534 2 7	1,06,297 11 3

80. The Commissioner of Coorg was addressed (Letter No. 847—421, dated 1st August 1885) on the subject of extending the Lunatics Act into Coorg. The Commissioner has replied (Letter No. 386—183 dated 18th August 1885). The necessary action is being taken in the Coorg Office to address the Government of India.

81. No provision appears to have been made for the separate accommodation of Criminal Lunatics. It will be seen from the statement showing the number of lunatics sent to Colonel LeMessurier, no Criminal lunatics were admitted into the Asylum between 1881 and 1885.

J. D. 31—8—85.

Resident

82. I spoke to Dr. McGann about para 81 yesterday. He said that the Bangalore Asylum in the Pettah provided no separate accommodation for Criminal Lunatics and non-Criminal Lunatics, and he did not think it was necessary. If really insane, all alike may be regarded as innocent. Some slight difference is made in their dress.

—

No distinction seems necessary.

C. G. 2—9.

83. It is a question, however, whether we ought not to provide separate accommodation for lepers. At present the Durbar takes those we send, and keeps them in a separate establishment. With us they would come under the Incurable Pauper Class? I note the point here because Dr. McGann mentioned it in connection with the Lunatic Asylum question.

Yes. This question is under disposal now. See File 106 of 1885. C. G. 2—9.

84. The accommodation for the classes in Para 77 (2) appears from the plan to be adequate.

A. H. T. M. 1—9—85.

85. After Resident has passed orders, the linked Asylum and Jail Files could go with plans &c. to the Residency Surgeon for remarks under this, in continuation.

Yes. C. G. 2—9.

A. H. T. M.

86. Please see my remarks on paras 82, 83, 85.

87. See Serial No. 30 of File. We should ask the Military authorities for site No. 449 as soon as we conveniently can.

Will be attended to on return of Files from Residency Surgeon.

88. See No. 29 of File. Instead of a Treasury return of Receipts and Disbursements should not we strike the available balance better from the Credit and Debit sides of the sanctioned Budget Estimates of the Assigned Tract for 1885—86, including therein subsequent details, such as those suggested on the margin of para 63 to this Note, and any others which may exist?

C. G. 2—9—85.

89. Office.- Send now at once to Residency Surgeon who will perhaps kindly note his opinion under this.

A. H. T. M. 2—9—85.

No. 202.

90. In the plan for the Lunatic Asylum it is shown that separate accommodation is provided for Criminal Lunatics whom I consider should be kept *distinct* and not allowed the same privileges as other Lunatics; "under trial" criminals, who on recovery have to stand their trial, need to be very

closely observed so as to decide whether they are really insane or only malingering. It is of the greatest importance also that every precaution is taken to ensure the *thorough and complete* separation of the sexes in which case it will be necessary to provide ample space and to admit of considerable extension in case of need. Provision would need to be made for a certain number, say six, of single rooms for noisy and dirty patients. The position of the well, will, I presume, depend upon where a good spring can be found. I think the plan in other respects is likely to meet all requirements.

A. E. DOBSON, Residency Surgeon. 5—9—85.

Resident.

91. Please see Dr. Dobson's remarks of 5—9—85, which, with the File, only reached me this morning. He only deals, with the Asylum, but he presumably has no objections to raise to the jail plans.

I presume not. But he had better be asked. C. G.

92. Para 87 of Notes. Perhaps Resident would speak to General Rowlands about site No. 449. The time is opportune, as he is officiating Commander in Chief. It would be better if the matter could be arranged without any official correspondence?

I will speak to General Rowlands. C. G.

93. Para 88 of Notes. Office will now further scrutinize the Assigned Tract Accounts in the manner suggested by Resident.

94. Office should put up at once the File started under Resident's orders regarding Col. LeMessurier's successor, and the separation of Coorg and Bangalore work.

I have received this and have made it over personally to Colonel LeMessurier for his comments. C. G.

95. I do not know whether Resident will think it necessary to consult any one else about the Jail and Asylum Plans.

A. H. T. M. 8—9—85.

No one, as regards Asylum. For Jail the Magistrate of the C. and M. Station and the D. S. of Police, if not consulted, should be consulted now. See also remark at para 91. C. G.

96. See para 90. The distinction for criminal lunatics can be provided by a parti-wall across the Male Ward for Natives. That ward is to be 47'× 13'. If a space of 12' × 13' or there abouts were alloted for criminal lunatics that, I think, would suffice. According to para 81 we shall rarely have such inmates. The separation of sexes, desired by the Residency Surgeon, is already provided for. The accommodation for noisy and dirty patients might be provided perhaps by extending the the three wards now entered on the plan, or, as I think would be better, by having a separate building for this purpose. In the latter case there would be seven instead of six rays within the circle of the boundary wall. I would ask Col. LeMessurier to do as he deems best in this respect and to revise the estimate accordingly.

97. For the rest please see remarks on paras 91, 92, 94, 95, of this Note.

C. G. 9—9—85.

Office.

98. Issue the D. O. beneath to the Residency Surgeon, and then send the File again to day to Col. LeMessurier with reference to the Resident's remarks dated 9—9—85. On return from him the File can be circulated to

(1) Superintendent of Police.
(2) District Magistrate.

A. H. T. M. 10—9—85.

This File was received in this office on 16th September 1885.

A. LeM. 16—9—85.

Necessary works have been inserted and estimate (without establishment) has been increased by Rs. 1,475.

A. LeM. 19—9—85.

99. I think it would be better to make the Ward for noisy and dirty patients to consist of four instead of two rooms. Each room would then be about 13 × 11. I would ask Colonel LeMessurier to be kind enough to arrange for this and then to return the plans and File to the Assistant Resident.

C. G. 20—9—85.

100. Received 22—9—85. Alteration made. Estimate increased by Rs. 120.

A. LeM. 25—9—85.

Resident.

101. The File can now go to the Superintendent of Police for any remarks, and with a request to pass it on to the District Magistrate? the Notes should be continued beneath this.

A. H. T. M. 25—9—85.

Office C. G. 26—9—85.

Send to

(1) Superintendent of Police, Bangalore.
(2) District Magistrate and Collector.

A. H. T. M. 27—9—85.

102. As regards the Jail buildings I have nothing to suggest. Such appear complete. But with reference to the Guard accommodation I have two suggestions.

(*a*) The building of Cook Room and Wash house, between the Stores and the Latrine for the Guard.

(*b*) The building of Lines for the Guard in close proximity to the Jail; this I consider very necessary, in fact essential, to admit of an emergent call being met at once.

The Broadway Police Station and the B. 1. Division Lines tho' not at any great distance are yet too fat for prompt action. The Guard should certainly be on the spot, and ready to turn out at a moments notice. If Lines, say 14 houses are erected, suggestion A can be withdrawn.

E. H. 30—9—85.

103. I see that it is proposed to give accommodation for 20 males (Natives) imprisoned for one year and under. This is not enough. In very few cases are sentences of more than 1 year passed so that, we have to provide for neary all the convictions, if it is intended to keep people sentenced up to 1 year.

If the limit was reduced to 3 months, I would still say the accommodation (*i. e.* for 20 males) was insufficient to meet our requirements. The female accommodation (*i. e.*, for 3 convicted natives) is too small.

Office must explain this delay.

A. H. T. M. 25—9—85.

Personally explained to Mr. Martindale, before this File was sent on to Colonel LeMessurier, *i. e.*, on the 16th September 1885. H. C.

Yes.

A. H. T. M.

This might be altogether separate.

A. H. T. M.

I think there should be a "reformatory" for boys, who should not be incarcerated with grown offenders.

I am not sure if it is intended to make convicted Europeans work out their sentences here. If it is, the accommodation is very scanty, provision only being made (as I take it, in block 4) for 1 European and 1 Eurasian.

I do not see that latrine accommodation has been provided for females.

E. P. M. Magistrate.

2—10—85.

104. The Superintendent of Police and District Magistrate have recorded their views above. Major Maltby does not say what additional accommodation he would deem sufficient. The File might go back to him for this at once, and meantime our papers can be searched to see on what basis we have proceeded in this matter, and we can ask the Superintendent of the Mysore Jail to give us Statistics from which to strike an average.

A. H. T. M. 3—10—85.

C. G. 4—10—85.

Mr. Dias Please speak to me.

A. H. T. M. 5—10—85.

105. Send at once to Major Maltby, and then please show me Dr. Henderson's Estimates of June 1884 on which the plans have been prepared, together with any other connected papers. We shall probably have to write to Mr. Sparkes for more information.

A. H. T. M. 6—10—85.

106. I have made enquiries at the Jail and find that on the 8th October there were the following prisoners of the Civil and Military Station sentenced to one year or less.

	Males.	Females.	Juviniles.
Convicted ..	29	7	1
Under trial ..	2.		
Civil debtors ..	4		

107. There has been very little crime lately in the Station and the cases tried under the Penal Code (either by myself or the 2nd Magistrate) have been remarkably few. Under these circumstances the members in Jail are few. In my opinion provision must be made for not less than 50 native males (convicted) and for 6 boys. I would also have room for at least 10 native females (convicted). I also see it is proposed to provide accommodation for only two natives (male) under trial *i. e.* for exactly the same No. as of females in the same circumstances. It is altogether insufficient and I think you must have room for 10.

108. On looking closer at the plan, I see accommodation is provided only for 1 European *or* Eurasian convicted This is insufficient and in my opinion you should have room for *four*.

109. It must be borne in mind that prisoners sentenced to longer periods than 1 year, will have to remain a short time at least in this Jail before being removed.

E. P. M. 10—10—85

110. Please submit papers as requested in para 105.

J. H. N. 10—10—85.

111. The papers required in paragraph 110 are submitted.

Please see No. 8 B, of linked File No. 301 of 1885.

112. The *Chief Secretary to the Madras Government has replied to letter No. 1136—585, dated 30th July 1885, intimating that arrangements will, as requested, be made for the reception in the Madras Asylum as a temporary measure of European and East Indian Lunatics from Coorg and the Assigned Tract, and requesting that the Superintendent of the Asylum may always be first asked whether he has room for them.

113. The charges connected with their custody and maintenance to be defrayed from the Resident's Treasury.

Yes. C. G. 4—11—85.

*Serial No. 23 of File.

115. The Senior Surgeon to the Mysore Government in compliance with the D. O. request of the Assistant Resident, (letter No. 520 L., dated 19th September 1885) forwards a statement showing the number of Lunatics received into the Bangalore Lunatic Asylum from the Civil and Military Station from 1st April 1881 to 31st July 1885 the cost of their maintenance and custody.

Serial No. 12 of File.
Serial No. 34.

116. The statement shows that:—

(a) 9 East Indian Lunatics were received between the 31st August 1881 and the 8th January 1885 and their cost Rs. 1810—8—11.

(b) 37 Native Lunatics were received between 3rd April 1881 and 21st January 1885 and their cost Rs. 3,975—4—1.

117. Of the total number admitted into the Asylum 2 East Indians and 3 Natives are dieted by their relatives.

118. The average monthly cost of dieting East Indian lunatics is Rs. 11—1—6, and native lunatics Rs. 7—15—6.

119. In connection withe the above reference the Senior Surgeon also sends with his letter No. 522, dated 30th September 1885 a bill for Rs. 1,971—15—8 for the cost of the maintenance of Lepers accommodated in the Bangalore Leper Asylum, from the Civil and Military Station.

Serial No. 35 of 1885.

120. Dr. McGann states that the cost of keeping both Lunatics and Lepers for any further period than the 31st July 1885 can be easily calculated from the average per diem or per mensem.

121. That the allowance for superintendence was halved between the Lunatics and Lepers which makes the charge to the latter appear high. To be accurate it should have been four fifths to the former and one fifth to the latter judging from the average strength, but practically so far as the payment is concerned it makes no difference.

122. In paragraph 5 of letter No. 1138—587 dated 30th July 1885 the Durbar was told that, arrangements would be made for defraying all charges connected with the custody and maintenance of Lunatics.

Submitted for orders. J. D. 14—10—85.

123. The last three references Serial Nos. 33, 34, 35 were kept in abeyance, *and shown in the weekly arrear List*, as this File was in circulation for the joint opinions of Colonel LeMessurier, the District Magistrate and the Superintendent of Police.

H. C. 14—10—85.

124. Major Maltby's requirements, as recorded in paras 106—109, should now be compared with the figures contained in papers referred to in para 111; such comparison will enable us to decide the exact amount of accommodation needed in the Jail. This point determined, we shall have to get the plans and estimates for the Jail arranged accordingly, as also for the requirements of Mr. Hewetson as stated in para 102. But till a successor comes to Colonel LeMessurier there is no P. W. D. Officer available for this Work.

125. See my order on the margin of para 114 and let it be carried out.

126. See para 119. From what source has the cost of maintaining the lepers in question been hitherto met and what provision, if any, exists for meeting this item?

134. How was the charge for lepers referred to in paras 119, 126 and 130 met before Rendition? If, as I imagine, from Mysore Revenues, the altered circumstances since Rendition should now be brought to notice of the F. O. the arrangement with the Durbar for the accommodation &c., now supplied and the reason for it should be explained, and the F. O. should be asked to sanction the bill now submitted by the Senior Surgeon, Mysore, and to allow the item to be debited against the Revenues of the Civil and Military Station. If sanction is so accorded an entry to this effect will have to be made in the register which F. Sir

I have the honor to suggest that instructions be issued to the Magistrate of the civil and military station not to order the admittance of East Indian patients into the Lunatic asylum here until they have ascertained from the Superintendent of the asylum that he is prepared to receive them.

The asylum is intended for natives, and, as there

are -

are neither attendants nor fitting accommo-
-dation for East Indians, they cannot
as a rule be placed under suitable treatment
and their presence in the Asylum necessitates
Spicial expenditure and in other respects
gives rise to much inconvenience. —

To the Chief Secy. Madras.

Sir,

With reference to the Correspce ending with your letter Jud. No 1249 6 Misc. A. dtd 6 May 1885, intimating that there is at present no accommodation available in the Madras Lunatic Asylum for the reception of a Criml lunatic named Ranjappa, from Coorg, I am directed to inform you that the question of making some permanent and satisfactory arrangements for the accommodation of both Criml and non-Criml lunatics from the District of Coorg and from the Coorg Station of Bangalore, has for some time past engaged the attention of the Govt of the N.W.P. and of Mysore & C. of Coorg.

Sel Coorg Feb No 82/85

2. In letter No 1317 A. 18th Sept/82 from your Office, it was stated that, as there is no Lunatic Asylum either in Coorg or in the Coorg Station, H.E. the Govr of M. in C. kindly consented to allow Lunatics from Coorg to be sent to the Asylum at Madras on condition that

(a) the Supt of the Asylum should always be first asked if he has room for them,

and (b) that the expenses should be met in each case from the Ch. Crs T.L.

3. The N.W.P. Govt has gladly availed themselves of this arrangement

from time to time hitherto, as occasion demanded, but it is obvious that accomdn cannot always be provided at Madras, and that there is no Asylum to which Lunatics can be sent.

4. Under these circs, the Govt. Ch. Ch. of Mad. has determined to address this Govt. with the view of obtaining sanction to building the necessary accommodation in the Civil & Mil. Stations, for lunatics of both the Civil and non-Civil classes, whether they belong to Corps in the Mad. Presy. But as some time must inevitably elapse before the buildings required can be provided, & temporary arrangts must meanwhile be made:

European, Eurd. and Native

5. The Mysore Admn has been requested to be so good as to allow all native lunatics, of either District to be maintained in the Asylum in the Native Town of Bangalore as a temporary expedient. But the arrangements there do not admit of the reception of European or East Indians. I am accordingly to enquire whether the Govt. of Madras will be so good as to permit Lunatics of these two classes to be sent either to the Asylum in ~~Madras~~ the Black Town, or to such other Asylum in the Presidency as may be most convenient, until the number accumd requiring admission

last paragraph of this letter has been prohibited. The numbers of such lunatics would be very small, and arrangements could be made for defraying all charges connected with their custody or maintenance. Applications in such instances to be made to the Govt. of Madras by the Asylum Visitors sent away from the Lunatic Asylum.

6. The Offg. Asst. and Ch. Cr is enclosed for transmission to the Govt. of India in Pol. Dept. in this matter, but no other alternative suggestion appears to him to be advisable pending the receipt of the orders of the Govt. of India in the matter.

To the Dnoaw

Sir,

With ref^ce to the Correspce ending with letter No 477 d. the 3rd July/85, from the Senior Surgeon of the My^re Prov^l (C/y enclosed) regarding the arrangements for accommodating lunatics belonging to the C. of M. L. of 13. in the Pallah Asylum and the Pers^n Asylum at Madras, I am directed to inform you that the question of making more permanent and satisfactory arrangements for the accommodation of both Criminal and non Criminal lunatics from the District of Coimb^re and from the C & M.L. of Bangalore has for some time past engaged the attention of the Officiating Secretary & C.C. of Cochin.

2 In letter No 1317 dy 16 Sep: 82 from the Gov^t of Madras it was stated that as there is no Lunatic Asylum either in Coimb^re or in the C & M Malabar H.E. the G. of Madras in C. would gladly consent to allow lunatics from Coimb^re to be sent to the Asylum at Madras on condition that

(1) the Supt: of the Asylum should always be first satisfied of the necessity for the case.

(2) that the expenses should be met in each case from the Cl. concerned.

3. The Offg Secretary & Ch: Commr:

Annexure 1 to 26. 12

has sadly increased since the
Commencement from time to time hitherto
as occasion demanded but it is ob-
vious that accommodation cannot
always be provided at Madras and in such Event
~~would then~~ there is no Asylum to which
Lunatics can be sent.

4 Under these circumstances the
Hon. Resident has determined to
address Govt. of I. with the view of
effecting a Sanction to building
the necessary accommodation in
the C. of M. for Surat Poona, East Indian
and Native Lunatics of both Crimb.
& Non Crimb. Classes whether they
belong to Corps or to the Presidency Troops
But as this time cannot inevitably
elapse before the buildings can
be provided, temporary Ar-
rangements must meantime be
made.

5. The Madras Govt. have been
requested to keep good as to allow
the ~~Native~~ European Surgeon
and Superintendent Lunatics of Settlers
District who entertained on the Pay
Asylum. But the arrangements there
do not admit of the reception of
Natives, I am accordingly to en-
quire whether the Govt. of N. A. the Mad.
will be so good as to provide Lunatics
of this Class who sent to the Asylum
on the Pallah until the accommo-
dation offered to the previous para

Draft of this letter has been prepared
Their Numbers of such lunatics would be made to
the arrangements intended of course
being made for dispensing all charge
connected with their Custody &
Maintenance.

Dear Colonel,

In continuation of my No. letter of 30 ult. and with reference to your reply of the 31st, I forward herewith a Statement showing the number of Lunatics of all classes, whether from the Convict Establishment or Pimlico, who have accumulated or been acquired during the last 4 or 5 years. The average per annum appears to have been about 10½ persons. Probably accumulation for 40 or 50 years would bring to light additional quantities of clay &c. to be tried if necessary.

And the total population at any given time not of Convict Lunacy to exceed this number.

From each manager I have also the plans &c in the Census of the neighbourhood, which I will forward with Weights.

My dear Colonel,

I return, with many thanks on behalf of the Resident, your plans and Estimates (received with your D.O. 9/11-8-85) for a Jail and Lunatic Asylum.

The Resident thinks ~~the shortest~~ accommodation for 6 Europeans (4 males and 2 females) should be added to the Asylum plans. Would you kindly have this done? And will you please give me a separate Estimate for the furniture which you may think necessary for the Asylum?

The Jail plans seem to be fairly good & need no alteration, but he would be very glad if you would add separate Estimates for Jail furniture, if you can.

I am writing to you separately about the Public Works.

Yours sincerely

Mews
21/8/85

P.S.

The Res. is very anxious to get this case finished up & disposed of speedily.

He would also be much obliged if you would have elevations for the Jail & Asylum sketched, so as to enable him to form an idea of the exterior in each case. But if this would delay your despatch at all, the sketches could follow subsequently.

6/21-8-85.

My dear Walton,

It is proposed to utilize the Sheds of Lots Nos 482 and 449 - the former for a fair & Lunatic Boys - the latter for public uses.

Will you kindly let me, in the Residents absence, at the earliest possible date, whether we shall have to pay any money for either of it, and if so the probable amount?

Yours truly

My dear Colonel,

Ltr. Sec. 21/81 y 1.9.85 Pro-G. file marked X

The Sec. desires me to return you the Estimates regarding the Public Offices, also your plans & Estimates, with special reference to your ltr. of 8/8/83 in the file.

With regard to the cost, he would be much obliged to you if you would revise your Estimates consistently with regard to the recommendations, for a decent return, and for economical but efficient workmanship.

He would like the Elevations sketched to facilitate him forming an idea of the Exterior.

He would be very glad if you would give him a separate Estimate of the cost of the Furniture &c for so far as you can conjecture requirements.

The revised plans will include a Coroners Court & Police quarters.

He wishes to submit the Cost &c. to the Treasury as the earliest possible date.

On return of the plans &c from Treasury, all the Offices concerned will be consulted.

Yours &c

21/8/83

P.S. Will you kindly add accommodation for a Press Establishment - viz. 1 Press Room, 1 Readers Room, 1 Managers and Store Room.

The Furniture &c for these rooms would of course be dependent on Treasury provision. Yours &c

Add this to the Fair-copy. Call-literally return the ltr. to the Sec. for the necessary addition. Thinks.
